From David:

As wetter weather and shorter days set in, it is important for us to be looking out for those signs of joy, brightness or hope. Recently, I've been welcoming more and more people across this benefice who wish to get baptised, often as a whole family, with parents choosing to reaffirm their baptism or get baptised for the first time alongside their children. Baptism is a sign of hope in the midst of the world's trouble. At every baptism we give out a candle, representing a person's decision to walk in the light and to carry the light of Jesus wherever they go. The world badly needs people who are willing to turn away from the dark and commit their lives to the Christian faith. If you or someone you know is feeling a call to Christianity in these strange times, please encourage them to come along to church and enquire about baptism. They won't be alone!
